# OPEN HOUSE #2

---

- April 19th, 2022 from 4:30 to 6:30 pm at Loussac Library
- Approximately 90 participants
- Team had text/graphic boards and roll plots with key features

# OPEN HOUSE #2 COMMENTS SUMMARY

- Loop Ramp Alternative:
  - Configurations and routing, compatibility with future projects north of 36th
- Get it built – why is it taking so long?
- Parking impacts to Geneva Woods Medical Center and former Golden Lion properties
- Roundabout intersections – suggestions for and against
- Questions about landscaping
- Questions about traffic circulation in northwest quadrant
- Concerns about security and homelessness in the area

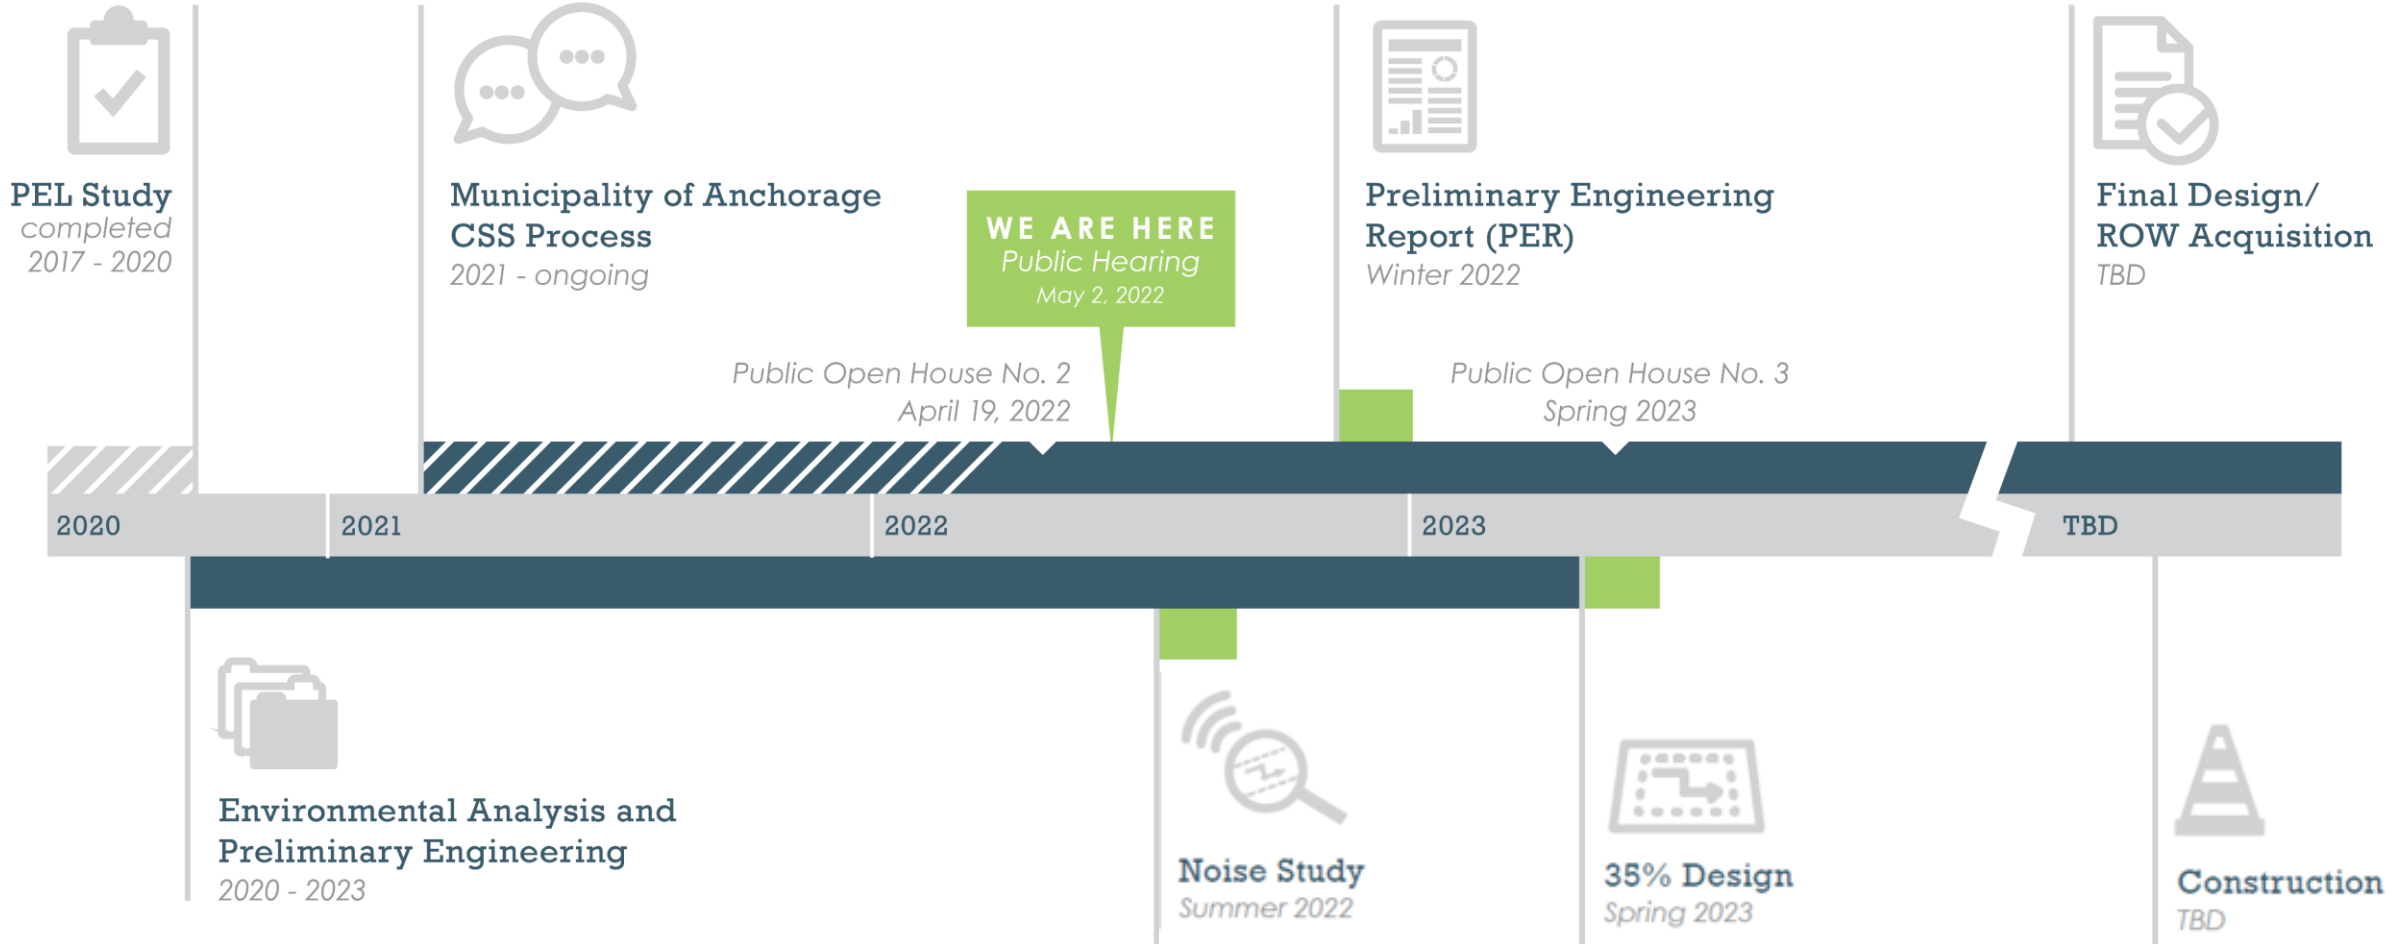

# OPEN HOUSE #2 COMMENTS SUMMARY

- Questions/concerns about impacts during construction
- Concerns about noise and questions about the upcoming noise study
- Preservation of the wall near Geneva Woods – preference that it remain in the existing location
- Multimodal/active transportation facilities:
  - Quality of life improvement
  - Desire for bike lane and separation of the pathway along 36th Ave
  - Happy about new connection between Tudor/36th
  - Connection to MOA's plans for 32nd/33rd

# SCHEDULE
